A Total Photovoltaics Event PVJapan 2012

Early Bird Application

Early Bird applications received by Feb. 24 will be eligible for the following (limited to 400 booths):

Benefit 1

JPY20,000 off of the price per 3×3 m booth

	JPEA/SEMI Member	Non-Member
Early Bird Booth Rate: Application received by Feb. 24	JPY340,000	JPY370,000
Regular Rate: Application received after Feb. 25	JPY360,000	JPY390,000

* Prices listed exclude 5% tax.

* Possible to apply for the membership. Please contact to SEMI for the detail.

* Cancellation charges will not be levied against early bird applications. Cancellation charges do however apply in the event of a cancellation of a formal application.

Benefit 2

Choose from one of the following bonus offers

- Exhibitor Seminar
(one 20-minute session valued at JPY60,000)
- Free Rental Booth
(one booth / valued at JPY110,000)
- Booth Navigator* Banner Advertisement
(120×60 pixel, valued at JPY80,000; limited to the first 10 applicants)
- Corner Location (limited 15 applicants)

* The Booth Navigator is a web-based application that helps visitors to locate exhibitors and their booths by name, category and keyword.

• After your early bird application is received, a formal application kit will be sent to you in late January. To confirm your application and remain eligible for the above benefits, your formal application must be received by April 27.

■ Reserve

booth(s).
